ACD
ASSOCIATION FOR CREATINE DEFICIENCIES

C.A.R.E. | Corporate Alliance *for* Research & Education

JOINING FORCES TO MAKE A DIFFERENCE

The ACD Corporate Alliance for Research & Education Grant Program was developed to provide funding to support Creatine Deficiency Syndromes (CCDS) education and medical research.

2018 C.A.R.E Grant Objectives

The purpose of a C.A.R.E Grant is to encourage credible scientific and clinical studies designed to improve the education, diagnosis or therapy of one or more of the Cerebral Creatine Deficiencies. In keeping with the ACD's mission, we aim to fund academic work that will contribute to the advancement of the following disorders:

- Guanidinoacetate Methyltransferase Deficiency (GAMT)
- Arginine: Glycine Amidinotransferase Deficiency (AGAT)
- Creatine Transporter Deficiency (CTD)

In consideration, the project results related to a C.A.R.E Grant could be used to obtain other funding, such as opportunities from the NIH, FDA, or other viable agencies.

Application Process

Applications will be accepted on a rolling basis until the funding has been awarded, within the current year. Application must be merged into a single PDF file and sent to Melissa@creatineinfo.org. Incomplete applications will not be considered. Reviews will take up to four weeks from date of receipt.

Award of Grant:

A grant amount will be awarded, up to $10,000. Announcements will be made via email and posted on ACD's website. Based on project, additional documents will be required for funding, such as a signed grant agreement.

Evaluation of proposals will include careful consideration of protocol design, objectiveness and statistical evaluation proposed. Protocols that focus on cause, newborn screening, diagnosis, or treatment will be given priority.

Application Requirements:

Checklist of needed documents

a) Cover Letter/Letter of Intent (1 page)
b) Abstract of the proposal (1page)
c) C.A.R.E. Grant Application (attached, application pages 1- 3)
d) Budget Outline (1 page)

Where to send your materials

Please submit all documents electronically to Melissa Parker, ACD Director of Finance, Melissa@creatineinfo.org

Association for Creatine Deficiencies C.A.R.E Grant Application

General Information

Please complete the information below.

Name of Researcher (Please provide credentials)	
Researcher's Email	
Researcher's Mailing Address	
City/State/Zip Country	
Researcher's Telephone	
Researcher's Fax	
Institution(s) Where Research Will Be Conducted	
City, State, Country of Institution(s)	
Title of Project	
Term of Project (should reflect proposal)	☐ 1 Year ☐ 2 Years
Funding Amount Requested (not to exceed $10,000)	
Applicant Signature (required)	

Biographical Sketch

Please provide a biographical sketch and bibliography for the Principal Investigator.
You may use this form or other to modify.

Name Position/Title				
Education/Training Begin with baccalaureate or other initial professional education and include postdoctoral training.	Institution and Location	Degree	Year(s)	Field of Study
Research and Professional Experience Concluding with present position, list in chronological order previous employment, experience, and honors. Include present membership on any advisory committee.				
Honors and Awards				

Bibliography

Publications: List in chronological order the titles, all authors, and references of all publications in the last three years and representative earlier publications pertinent to this application. If the list exceeds two pages, select the most pertinent.
