changing lives

Social Media Release Form

I have chosen to contribute a photograph and quote to the "Powered by Creatine" 2021 CCDS Day campaign. The photo I have submitted, my comments, including any identifying information, and my family's last name (or names I provide in my quote) and country or state will be shared on the website <https://creatineinfo.org> which is maintained and run by the Association for Creatine Deficiencies (ACD), on ACD's Facebook page, ACD's Twitter handle, ACD's Instagram account, and for other media purposes as the ACD sees fit.

The ACD may use these materials as part of their ongoing programs to increase Cerebral Creatine Deficiency Syndrome (CCDS) awareness and raise support for the ACD. The ACD will never publicly use my email, or phone number. I agree to allow the ACD to edit my statement for readability and appropriate content.

First and Last Name

Signature Date
