

LANZ FAMILY SCHOOL GUIDELINES

UPON ARRIVAL

Remove or Cover Shoes

Disinfect Hands

Put on Mask or Face Shield

Wash hands with soap and water once in the house

*We have masks and shoe covers for you in a box on the table near front door.

**Hand sanitizer on table near door.

***Reusable face shields are in the armoire near the piano. Feel free to take one for your personal use. When leaving, please clean with Lysol wipe then put in one of the large Ziplock bags. Label with your name for the next time.

HEALTH PRECAUTIONS DURING SCHOOL

We're attempting to keep germs in their place. When possible, please reserve the dining room table for EATING only.

Class time should be at the table near the piano. If it is nice out, you're welcome to open windows for additional ventilation.

You're also welcomed/encouraged to use tables in the front or the back yard if the weather is pleasant!

Music Therapy should use our own instruments when possible.

The air purifiers should be running during school time when non-family members are present.

The kids should wear their face shields when non-family members are present. Sonnet might not cooperate, so we'll do the best we can!

There are hand sanitizers and various types of Lysol products at the front door and under the kitchen sink. Use freely and often!

If eating with the kids please practice social distancing. It is a BIG table!
