Setting a Fundraising Goal

On your personal fundraising page you have the option to set a goal for how much money you would like to raise as part of the larger \$250,000 goal. Setting a personal goal is a great way to get your community excited and invite participation.

Below are some example gift tables that will help you decide what amount feels manageable for you. Of course, you are not limited to these options. You can reach for the stars, or you can start small. We encourage you to challenge yourself and your community. Together we can make big things happen!
