Story Templates

Below are examples of what you might share on your personal fundraising page (feel free to copy and paste). You can also use this messaging in email or mail outreach. Sharing your journey with your community is powerful!

CTD

Friends,

In **YEAR**, **NAME** was diagnosed with a rare, untreatable disorder called Creatine Transporter Deficiency (CTD). ACD is leading the way in funding research for treatments for **NAME** and others like **HIM/HER**.

This year, our family is joining ACD to raise funds for the first ever Research Center for Cerebral Creatine Deficiency Syndromes! This project will bring together two full time researchers and six expert mentors who will engage in groundbreaking research projects aimed at treatment and diagnosis for CTD.

Please support our family as we pursue this exciting research by making a donation!

Last year, our parent group raised \$179,439 for research. While this may seem like a lot, much more is needed to get us to a treatment. This year, we are aiming to raise \$250,000 by 2023. We know this is ambitious, but we are confident that we can achieve this goal with your help!

This holiday season, we invite you to give alongside us. **NAME** needs heroes! Every little bit counts and makes a difference in the life of **NAME** and others like **HIM/HER**.

Happy and healthy holidays!

GAMT

Friends,

In **YEAR**, **NAME** was diagnosed with a rare and often devastating disorder called Guanidinoacetate Methyltransferase (GAMT) Deficiency. ACD is leading the way in funding research to improve treatments and diagnosis for **NAME** and others like **HIM/HER**.

This year, our family is joining ACD to raise funds for the first ever Research Center for Cerebral Creatine Deficiency Syndromes (CCDS)! This project will bring together two full time researchers and six expert mentors who will look closely at promising new treatment investigations and screening and diagnosis methods for GAMT patients.

Please support our family as we pursue this exciting research by making a donation!

Last year, our parent group raised \$179,439 for research. While this may seem like a lot, much more is needed. This year, we are aiming to raise \$250,000 by 2023. We know this is ambitious, but we are confident that we can achieve this goal with your help!
